

Graduation Prep Academy @ Navarro HS

Who we are: A dedicated team of teachers and staff supporting students looking for an alternative pathway to a high school diploma.

What we do: Guide, support and teach students through curriculum as they navigate through school, work, family and life.

Where we do it: We serve all students of north Austin ISD looking for a school that understands their needs in a small caring environment.

Why we do it: We love it! We get to know every student on their journey towards young adulthood.
